Subject: Malden Resident Comment on file 432-25 - Jeff Donahue's Appointment to the Northeast Metro Tech School Committee

Hello,

I am writing to comment on file 432-25 related to the Appointment of Jeffrey Allen Donahue as the Malden Representative of the Northeast Metro Tech School Committee.
It is my understanding that the procedure is for the City Council and School Committee to select a replacement representative with non-binding input from residents.

The city should perform a survey to allow more candidates to make their case and for residents to provide their non-binding vote to the Council and School Committee.

Jeff Donahue was recently on the ballot for our school committee and the voters stated clearly that he was not a good candidate. He has a number of red flags, and it doesn't seem like he'd be a good candidate for this position either. Thank you,
Matt Tong
