Hi Carol Ann,
please include my public comment, below, for City Council,
thanks!
Susan Lawrence
176 Glenwood Street

I'm writing to support the request of the friends of Roosevelt Park for a financial status report regarding funds allocated for the park project.

While I'm hopeful that the delay means the project is leaning toward the natural grass solution, I am also interested in learning what has become of the allocated funds at this time.

Thank you
Susan Lawrence
