Subject: Jeffrey Donahue's appointment

Mayor Christenson and Ms. Desiderio,

I am writing to voice my concern over the appointment of Jeffrey Donahue to the Northeast Metropolitan's school committee. To my knowledge this is an elected position that should be on the 2026 ballot and instead is being rush-voted on by the city council. I oppose paper 430-25 as it feels undemocratic to allow him to serve a 3 year term when he already lost in the primary. If this was a "consolation prize" then Abeer Annab (or other 2nd runners up) should be considered.

Thank you for your consideration,

Kate Harney
