Whoops, then let me revise the statement about 432-25 to the following (I also saw some new information so, I expanded the text slightly too):

It shows serious disdain for Malden voters to respond to Jeff Donahue's 3rd place finish in a school committee election by immediately appointing him to a different school committee seat. This seat should be filled by a broader search, rather than rushing in someone the voters just rejected. This is even more antidemocratic when skipping next year's election, making this a 3 year term before the voters can weigh in again.

Subject: Public comments for tonight's city council meeting

I have comments on an issue on tonight's agenda:

432-25: It shows serious disdain for Malden voters to respond to Jeff Donahue's 3rd place finish in a school committee election by immediately appointing him to a different school committee seat. This seat should be filled by a broader search, rather than rushing in someone the voters just rejected.
