Re: Mayoral Appointment of Barbara Murphy as Police Commissioner

I am writing in support of the appointment of Barbara Murphy as police commissioner of the City of Malden. Throughout her career, Barbara has demonstrated a genuine willingness to prioritize the responsibilities she accepts and respond in the best interest of our city and its residents. In recent years, Malden has evolved in many positive ways. What has remained consistent, however, is the importance of striving for excellence in leadership and performing with honor, dignity and diplomacy. These same qualities are why Barbara Murphy has earned the respect, trust and confidence of our community and will undoubtedly do the same as Police Commissioner.
