Subject: Public Comment Regarding the Appointment of the Police Commissioner

To Whom It May Concern,

As a resident of Malden, I am requesting Malden City Council demand transparency in the appointment of the Malden police commissioner. Thus far, the process has been opaque and undemocratic, and should be restarted completely so as to adhere to Malden's city ordinances in which candidates are reviewed by the Personal Appointments Committee. Failing to do this sets a terrible precedent for the future of Malden with far too high a potential for corruption in our local government.

Signed,
Yuri Kim
