---

Hello,

My name is Mary Cruikshank, 20 Hillside Terrace.  
Agenda item is Items 307-23 and 308-24.

These bike lanes are very dangerous, I would like to express my concern about traffic, accidents, and kids riding in the streets. There are very few buses and even then there are few people on them, yet they get a lane - it just doesn't make sense. Please count me against any more and I'd like to get rid some bike lanes (Exchange St. for example) of what we currently have.

Thank you,  
Mary
