Hi! Submitting this for public comment this evening:

I wanted to voice support for making the Trans Day of Visibility a recognized day here in Malden. When we recognize and uphold our trans siblings, we uphold the best in each other and allow everyone to show their true selves. This is a good thing! As a cisgender queer person living in Malden, I want all members of our community to feel safe living their lives out loud. There's a lot for queer people to fear right now. And sometimes a spotlight can feel unsafe. But we should have a spotlight for people that want to step into it and create a safe space for them to do so. Trans queer people deserve to feel loved and adored. I hope this resolution passes quickly and easily! Let's uplift each other.
