**Subject:** Malden City Council meeting - RE: Items 307-23 and 308-24  
**Date:** Tuesday, September 5, 2023 6:55:35 AM

---

Hello,

I am unable to attend the city council meeting this evening, but I would like to make it known, that I am opposed to the current bike and bus lanes in the city. Until or unless we can update our infrastructure so the lights synchronize to stop from bringing traffic to a total stand still, we need to put an end of the use of these lanes.

I live in Linden, it now takes me anywhere between 25-45 at times to get across the city. I was frequenting restaurants in Malden Square 4-5 a month, now I get on Route 1 and leave Malden, it is not worth the aggravation to be sitting in traffic while those lanes are empty 99.9% of the time.

Regards, Maria Moreschi
