MACDONALD STADIUM WEATHER CANCELLATION POLICY

Please read this ENTIRE page for important information about cancellation/postponement notification, field closure and make-up games and practices.

Our goal is to host as many games and practices as possible with ultimate respect for player safety and not damaging our field.

As is the case in New England, weather may change very quickly. If a storm moves through Malden, we may be forced to cancel games at or close to game time. As Macdonald Stadium has a synthetic grass field, if a heavy downpour or thunderstorm occurs but moves out of the area, games and practices will NOT be canceled due just to rain or wet fields.

The Malden Recreation Department Park Coordinator will arrive at the Stadium at least an hour prior to the game to assess the following:

1. Field conditions
2. Weather conditions
3. Weather forecasts (which are not always reliable)

Please contact your league representative for notifications about game and practice cancellations or postponement. We will make every effort to make cancellation decisions one hour prior to a game or practice start time, however, this may not always be possible.

To reschedule a cancelled game or practice, please contact the Stadium Commission stadium@cityofmalden.org.
