Hello Ms. Desiderio,

I understand the matter of funding the renovation of Roosevelt Park will be discussed at tonight's city council meeting.

I would like to express my strong support for the project which is so important to the youth in our community. I know this is a complex issue with many opinions on the matter. I hope the City Council will review the overall picture - how this park will truly benefit the silent majority - and not let a small, one-sided and at times mean-spirited (to those who disagree with them) vocal group dictate what the city does with this park. I urge the council to do what is necessary to finally move this project forward.
