Hello,

I am writing to you regarding items 307–23 and 308–24. My name is Deborah Salie, 29 Olive Ave. Malden.

The bus lanes will be backing up traffic and I'm against it. There's many more cars than there are buses. I feel as though these lanes will be a liability. They seem to be dangerous to individuals riding in those lanes. My taxes help pay for the streets so that I can drive on them to get to work. I believe my excise tax helps with that.

Thank you for listening to me have a great night
