Subject: Opposition to Council Paper 271-24

Dear Councilors,

I write to you to state my FIRM opposition to Council Paper 271-24.

Let me remind you all how we got to this point. On October 7th, 2023, Hamas, a murderous Terror Group that has governed the Gaza Strip, bordered by Egypt to the south, since 2006 launched a coordinated attack on a peaceful music festival and several villages and cities in the southern part of Israel. Fighting raged for hours, with Hamas briefly capturing several small areas of Israeli territory. Men, Women and children who were peacefully going about

their lives, suddenly had that peace ripped from them. 1200 innocent Israeli citizens were brutally murdered to include children and babies, Women were raped and roughly 250 Israeli citizens were kidnapped, and taken back to Gaza as hostages. Female hostages were told they could never return to Israel, as they would be forced to be married to Hamas fighters, and forced to give birth to their children.

This resolution is designed to do nothing more than cause division among our fellow citizens both in Malden, this Commonwealth, and throughout the country. The sponsor is perpetuating this division by putting this on the City Council docket.

Hamas has stated openly, on various media outlets in the Middle East, that they intend to commit more attacks to the Scale, and to an even bigger scale, of October 7th. Any Councilor who supports this ridiculous resolution will be complicit in these possible future attacks and will have blood on their hands.

Every single death in this current war is the fault of Hamas. Plain and simple.

I respectfully request that this public comment be read fully into Malden City Council record for the meeting scheduled for June 4th, 2024.

Respectfully Submitted,

Sean Hickey
Former Resident Ward 4 Tremont Street
