Lisa Picardi has lived in Malden all her life. She is very active in the community attending all the functions. She has been involved in the community since she was little. She is willing to help wherever she can. She learned of this position from the previous member Frank Cina. She kept following him and heard about his passing. She said she is very excited to be here and be a part of the Disability Commission.

Councillor Crowe said she knows of Lisa and her family and they come to everything and are really involved in the community taking the disability lens with you and bringing those things back to the community is great.

Councillor Colon Hayes asked if she has been to any of the disability meetings

Lisa said she went to the last meeting and would like to help out with the medical appointment data base. She also is interested in the grant for the curbcut process which she said is so important. She also would like to help with the disability website as well. When she is out in the public those are her good times. She has done work with Alzheimer's education. She has worked in a nursing care setting. She used to be a home health aide from the age of eighteen.

Councillor Linehan said she will be speaking next month to the Disability Commission to update them about the Malden Hospital Project. She will be there at the April meeting. She said this is a great group to be involved with and happy she is excited to part of it.

A motion was made by Councillor Crowe, seconded by Councillor Colon Hayes, that the Appointment be recommended favorably to the City Council. The motion carried by a unanimous vote.
