Dear Clerk,

I am writing to support that 307-23 and 308-23 be placed on the November 7, 2023 ballot if time permits, as non-binding questions for all voting residents of Malden to have an opportunity to vote on. Additionally, since these questions concern Malden residents and voters, I feel strongly that Malden residents only should be given the priority and the opportunity to speak during public input on 307-23 and 308-23. Thank you.

Sincerely,

Janice Rice
