---

I'd like to enter a comment for items 307-23 and 308-23 for tonight's City Council meeting.

My name is Taylor Dennerlein and I live at 8 Kneeland St, Malden, MA 02148. I am NOT in support of these orders. Blanket bans on certain type of infrastructure in Malden is not the way to support all Maldonians and eliminates context-sensitive design. There are numerous roads in Malden that have are signed for street parking directly in front of large parking lots. As such, on street parking is never used. To say this can never be repurposed is a waste of valuable space, inefficient, and quite frankly ridiculous. Additionally, the wording on 308-23 is very confusing. If it is in reference to parking protected bike lanes, this is standard best practice for the industry. Malden should not be moving backwards.

Thank you.
