**Subject:** Roosevelt Park Turf Project - REQUEST FOR PUBLIC COMMENT ON RECORD

EMAIL TO BE READ INTO THE RECORDS:

Dear Mayor and City Council Members, my name is Tiffany Ciccarelli-Moore and I reside close to Roosevelt Park. I would like to request (yet again) that you please reconsider the possible decision of putting in turf at Roosevelt Park. As a parent of young children who play soccer for Malden Youth Soccer, I can appreciate and understand why the need for turf is being presented but what I appreciate and value more is REAL NATURAL GRASS. Roosevelt Park is a place not only for the Salemwood students to enjoy but should be another option for our community to enjoy and use without the proven harmful consequences of putting in turf.

We deserve the remediation to be done RIGHT - full and complete lead decontamination. We deserve to have a park where we can breath fresh air and play in natural grass.

It is absolutely NOT equitable that parks like Devir and Trafton are getting renovated

yet we are fighting to get Roosevelt clean and kept it in it's natural form!

Artificial turf will hurt our children, the environment and is an anti-climate action project.

Thank you again for your REconsideration.

Regards,  
Tiffany
