---

Good Afternoon,

I am writing to you in support the Roosevelt park turf project. I sit on the board for Malden Pop Warner and know that we all support the new turf field. I am also a Mom of two boys who are active in Malden youth sports and continue to have scheduling issues with fields. I see this with football, lacrosse, baseball and basketball we are in need a safe turf field. The conditions of some of the fields were we play on are unsafe.

It will also be a great place to have for fun outdoor activities with the family. I am a lifelong Malden resident who played sports here myself as well as enjoyed the parks recreation for many years. We have a beautiful "Green" park at Lincoln Commons for those who would like that setting. Our children of Malden are in need of parks, sports, recreation to stay out of trouble and share with peers.

I have attended the City Hall meetings in the past to support the start of the project and am unable to attend tonight.

Please consider moving forward with this project!

Sincerely,

Concerned Citizen of Malden and proud sports Mom  
Julie Turner

***At this time, we are asking for your patience as we experience delays due to the***

***recent sale of National Grid to Rhode Island Energy, as well we are still being impacted by the COVID-19 pandemic. Due to the recent sale, we are currently updating many of our processes and many of the roles are being transitioned to new staff members. Additionally, many of our relationships with cities and towns have changed because of COVID-19, as many of their departments have moved to electronic processing systems and remote work. There may also be delays in equipment installation due to supply chain issues created by the pandemic. We are working hard to adapt to the changes that we have experienced over the last two years because of the pandemic, as well as to the more recent changes that have occurred because of the sale of the company. Your commitment and patience are greatly appreciated as we continue to try to ensure the safety and satisfaction of our customers.***
