To Whom it May Concern,

My name is Rebecca Krigman, I am currently a PE teacher at the Salemwood School and Malden High Varsity Softball Coach. I fully support the Roosevelt renovation project. This field will be multi-use for an entire city. School age children and student/athletes will be able to use this field to its full capacity. Salemwood students and youth sports both deserve this amazing opportunity. Also, there is not one turf field for youth/high school softball girls in this city. This two diamond field for the female youth athletes is way overdue. Throughout our season we had multiple rain outs and had to practice inside due to rain. Having a turf field we could play and practice on will be super beneficial to our season. We would be able to start practicing outside earlier in the season as well.

I myself will be able to teach, coach, and play softball on this brand new field. A student/athletes dream come true.
