Subject: Ceasefire Resolution
Date: Friday, May 31, 2024 6:08:05 PM

Dear City Councillors and Mayor Christenson:

I live at 86 Wyoming Ave Malden.

I'm writing in support of

Ceasefire Resolution 271-24. This is our chance to be on the right side of history and urge the US to the it's support of genocide. Netanyahu and extremists in Israeli leadership are putting everyone in the Middle East in danger. They have consistently disregarded the lives of Palestinians and Israeli hostages. My family in Israel spent Passover in the Streets protesting for a ceasefire and a release of hostages. There's still so many lives on the line. Please act now. We all have a part to play in protecting human life.

Sincerely,

Deanne Dworski-Riggs
