To whom it may concern,

Please accept this email as record of my support for the updated concessions made on the Roosevelt Field project. My name is Jonathan Currier, and I'm one of the physical education and wellness teachers at Malden HS. I have been involved in education and athletics in Malden for the past 8 years. This would be a significant improvement for many youth programs and families surrounding.

Thanks for your time and consideration.

Best Regards,

Jonathan Currier
