### **ADDENDUM A: COUNCIL TECHNOLOGY POLICY**

The Malden City Council Technology Policy, contained herein, governs the public's remote access to City Council meetings, Councillors' own rights to participate virtually in Council Meetings, and expectations around recording subcommittee meetings for archiving and publication online.

Malden City Councillors may participate remotely in up to three (3) regular City Council meetings per year by notifying the City Clerk and sitting Council President by the deadline to submit agenda items each week, and the assigned clerk of each committee shall receive training and bear responsibility for creating and posting a remote participation link on the agenda when it is finalized, so long as a quorum of the Council as well as the Chair will be present in person, as required by the Commonwealth of Massachusetts Open Meeting Law.

The City Council shall provide a virtual public participation option for any public hearing scheduled for the full body, or any subcommittee that is required to hold a hearing, e.g. public property. These meetings shall take place in the City Council Chambers in City Hall to utilize preferred technology resources whenever possible.

The City Council Committees on Finance and Rules & Ordinance shall be required to utilize the existing City Hall hardware and software to record and then publicly post each of their committee meetings by the close of business of the final day of the same week the meeting has taken place, or by the following Monday at 5 p.m. for any meeting that takes place on a Thursday.

The City of Malden IT and Communications Directors shall share responsibility for archiving and managing the cloud storage for all digital recordings of virtual meetings of the full City Council and the Finance and Rules & Ordinance committees, using whichever publicly-procured platforms and systems they deem most appropriate and advantageous. The City Hall Greeter shall serve as a media specialist who will provide on-call tech support for Council Meetings and sub-committee meetings, so that there is consistent staffing trained in Zoom, Teams, the Council chamber audio system and the Polycom audio system in each meeting room.

The City Council shall reserve priority rights to committee rooms 105, 106 (Council Chambers), 108 and 113 on Tuesdays beginning at 5 p.m. while the City Council is in session. No other city board or commission may assume use of these rooms if it will prevent the recording of committee meetings affected by this technology policy.
