

PLANNING BOARD REPORT & RECOMMENDATION

To: Malden City Council
From: Malden Planning Board
Date: April 12, 2023
Subject: **36 Charles Street** (Parcel ID 062 239 910)
Permit Application # CMID-040598-2021/Petition to Extend Special Permit (Case #202-22)
Marijuana Establishment: Marijuana Retailer
Title 12.12.190, Code of City of Malden (MCC) (*All section references herein*)

PROCEDURAL: The Planning Board may submit an advisory report and recommendation re: this petition to the special permit granting authority, the City Council (§12.32.030.B.2).

- The proposal was approved by the City’s Cannabis Licensing and Enforcement Commission (CLEC) to proceed to the zoning process.
- On March 9, 2022, the Planning Board made an advisory recommendation to the City Council that the petition be denied; the Board also recommended conditions to any special permit that might be granted.
- On April 26, 2022, the City Council granted a special permit to allow use of the property for a marijuana retailer, subject to twenty (20) conditions (decision contained in attached Case #202-22)
- On August 9, 2022, the City and petitioner executed a Host Community Agreement.
- Future procedural steps to be taken:
 - Petitioner must apply for a license from the state Cannabis Control Commission (CCC).
 - After obtaining a license from the CCC, the CLEC will review for issuance of a local license.

PETITION: Petitioner is the same petitioner as for the special permit petition approved in Case #202-22, namely, the proposed tenant, doing business as Trinity Naturals.

The petition seeks to extend the expiration date of the special permit granted in Case #202-22 for nine (9) months. The special permit will expire on April 26, 2023 (one year from date of granting, if substantial construction or substantial use has not commenced, per §12.32.030B.7), or unless a later expiration date is specified by special permit.

Note 1: *The current petition to extend the special permit was filed prior to the expiration date of the special permit, and City protocol is to consider the special permit as still active during the processing stage.*

The petition proposes no changes to the plans approved by the special permit granted in Case #202-22, or the conditions of the special permit granted in Case #202-22.

The original proposal was modified by the special permit granted in Case #202-22, with respect to size of premises and parking, by the following conditions:

2. This special permit authorizes marijuana retailer use of only 4,006 SF of the first floor, as per plans, and specifically: 1,794 SF for retail space, 1,446 SF for delivery area and indoor trash storage, and the remainder for accessory offices and common areas. All other areas of the building, labeled, “Storage,” totaling 9,018 SF, shall remain vacant and shall be used for no purpose whatsoever, including storage by the marijuana retailer, and any use or occupancy shall require an amendment to this special permit.
3. The loading and delivery area may be used for parking during retail hours.
19. Provide five (5) off-site parking spaces.

ZONING: See Planning Board Report & Recommendation dated March 9, 2022 (attached). After the special permit was granted in Case #202-02, the Marijuana Establishment use regulations were amended as follows, and all are applicable to the proposal:

1. Preexisting Nonconforming Buildings. For Marijuana Establishment use of a building lawfully existing or begun prior to the first publication of notice of the public hearing on this Ordinance, or for alteration, conversion or other change to a Marijuana Establishment use lawfully existing or begun prior to the first publication of notice of the public hearing on any amendment to this Ordinance, the City Council must find that any creation or increase in violations of dimensional controls and/or parking requirements will not be more detrimental to the neighborhood; and if the City Council makes the finding that any creation or increase in violations of dimensional controls and/or parking requirements will not be more detrimental to the neighborhood, then any new or increased violations of dimensional controls and/or parking requirements may be allowed by the special permit granted by the City Council and shall not require a variance. (§12.12.190.B) (CCP 315/2022, ordained January 3, 2023).
2. Security Plan. Design and implement a Security Plan approved by the Malden Police Chief and Malden Cannabis Licensing and Enforcement Commission. (§12.12.190.H.2) (CCP 317/2022, ordained 11/1/22).
3. Licenses and Approvals. Prior to issuance of any final occupancy permit pursuant to a special permit granted hereunder, the Marijuana Establishment shall submit copies of the following licenses and approvals:
 - a) A fully executed Community Host Agreement with the City of Malden, as defined herein this Ordinance;
 - b) Any required license and/or approvals issued by the Malden Cannabis Licensing and Enforcement Commission; and
 - c) Any required license and/or approvals issued by the Malden Board of Health. (§12.190.H.9) (CCP 318/2022 ordained November 1, 2022).

The petition does not affect the proposal's compliance with any use regulations for Marijuana Establishments.

DIMENSIONAL CONTROLS: See Planning Board Report & Recommendation dated March 9, 2022 (attached). Since the special permit was granted in Case #202-22, there have been no changes to the dimensional controls that are applicable to the proposal.

The petition does not affect the proposal's compliance with or violations of the dimensional controls.

PARKING AND LOADING REQUIREMENTS: See Planning Board Report & Recommendation dated March 9, 2022 (attached). Since the special permit was granted in Case #202-22, there have been no changes to parking and loading requirements.

The petition does not affect the proposal's compliance with or violations of parking and loading requirements.

FINDINGS REQUIRED to GRANT SPECIAL PERMIT (§12.12.190.G):

For a special permit to be granted, the City Council must find:

- 1) The proposal will not be more detrimental to the neighborhood.
- 2) The proposal is not in conflict with surrounding land uses.
- 3) The proposal is in the interest of the common good.
- 4) The traffic and traffic patterns generated by the proposal will not adversely impact any of the surrounding streets or create a traffic or safety hazard.
- 5) The proposal will not generate any noise, odor, fumes, vibration, heat or other conditions that may be noxious or cause a nuisance to the community, a danger to public health, or impair public comfort and convenience.
- 6) The proposal is not detrimental to the health, safety or welfare of the neighborhood or the city.

PLANNING RECOMMENDATION: That the Planning Board recommends to the City Council approval of a 12-month extension of the special permit granted in Case #202-22, only provided subject to the following twenty (20) conditions:

1. Peer review petitioner's Response to Traffic Peer Review Comments dated February 25, 2022 and implement any recommended mitigation.
2. This special permit authorizes marijuana retailer use of only 4,006 SF of the first floor, as per plans, and specifically: 1,794 SF for retail space, 1,446 SF for delivery area and indoor trash storage, and the remainder for accessory offices and common areas. All other areas of the building, labeled, "Storage," totaling 9,018 SF, shall remain vacant and shall be used for no purpose whatsoever, including storage by the marijuana retailer, and any use or occupancy shall require an amendment to this special permit.
3. The loading and delivery area may be used for parking during retail hours.
4. Install bicycle parking onsite for four bicycles, accessible to customers and employees.
5. Repair or replace sidewalks, driveways and perform necessary incidental work, adjacent to the property, to the satisfaction of DPW Director.
6. Implement Transportation Demand Measures regarding rideshare and parking attendant.
7. All development shall be as per plans, including landscaping of the northwest portion of the lot, except as modified by these conditions.
8. The special permit is non-transferable and non-assignable.
9. Design and implement a Security Plan approved by the Malden Police Chief and Malden Cannabis Licensing and Enforcement Commission.
10. Consumption of Marijuana and/or Marijuana Products is prohibited at or within 500 feet.
11. Smoking or burning of Marijuana and/or Marijuana Products is prohibited on the premises.
12. Marijuana in any form, including plants, and Marijuana Products shall not be visible from outside of the building.
13. Any outside storage of any kind is prohibited.
14. Any outside display of any kind is prohibited.
15. Incorporate odor control technology and provisions, and ensure that emissions do not violate M.G.L. c.111 § 31C, including but not limited to those specified for odors.
16. Prior to issuance of any final occupancy permit, submit copies of the following licenses and approvals: a) A fully executed Community Host Agreement with the City of Malden, as defined herein this Ordinance; b) Any required license and/or approvals issued by the Malden Cannabis Licensing and Enforcement Commission; and c) Any required license and/or approvals issued by the Malden Board of Health.
17. Mitigation based on preliminary peer review and after the six-month traffic study is conducted.
18. The Petitioner shall work with the City and the abutting property owners to connect the Spot Pond Greenway Project to the bike path.
19. Provide five (5) off-site parking spaces.
20. The hours of retail operation shall be 9:00 A.M. to 9:00 P.M.

Note 2: *These conditions are the same as the conditions of the special permit granted in Case #202-22, except Conditions 9 and 16, which reflect recently amended requirements of the current ordinance.*

 9. The City's peer review of petitioner's initial traffic impact information is contained in correspondence dated February 9, 2022 from Kenneth Petraglia, P.E., P.T.O.E., however, does not include a peer review of petitioner's response to peer review comments.
 10. The public hearing complied with the notice requirements of §12.32.020(K) of the Ordinance and Massachusetts General Laws, Chapter 40A, 11.

FINDINGS of FACT (Case #202-22).

The Malden City Council finds the following facts:

1. The subject property is a parcel with a lot area of 11,255 square feet and is the site of a two-story building containing approximately 13,024 square feet, comprised of 6,399 square feet on the first floor, 3,318 square feet on the second floor and 3,307 square feet in the basement, as per plans submitted by petitioner.
2. Petitioner is the proposed tenant and is authorized by the property owner to file the petition.
3. At the public hearing, petitioner stated it has modified the petition and original proposal to occupy the entire building for marijuana retailer use; and as shown on the most recent revised version of plans, petitioner states that 9,018 square feet, or 69%, of the building will remain as vacant space that currently has no proposed use; this space is labeled, "storage," on the original plans; this space is located on the 1st, 2nd and basement floors; and this space may be utilized in the future for marijuana micro-grow space to service the dispensary on-site, which use is classified as Marijuana Cultivator, is not part of the current proposal, and for which no license application or special permit petition has been filed.
4. The proposal consists of renovating and reconfiguring the interior of the building on the first floor to a retail space open to the public, that is 1,794 square feet in size; an entry/exit control center, 117 square feet; security room/office, 134 square feet; office, 124 square feet; vault, 42 square feet; common areas with foyer, elevator lobby, corridors and restrooms, 349 square feet; and a combined delivery area/parking area with trash storage that is 1,446 square feet in size.
5. The proposal includes renovating the exterior of the building, with most proposed exterior work on western/right side of building (new entry doors, two in same locations, one in location of existing garage door at loading dock; roof canopies over doors and ramp; concrete access ramp; two concrete stairs, one in existing location of metal stairs, one in new door location; insulated metal panels to cover concrete block façade; new aluminum windows, to replace smaller windows; new garage door in same location, to replace existing door); and also cleaning brick face, selective

repointing mortar, refurbishing window assemblies, on western and northern/front side of the building.

6. The public entrance will be on the western side of the building, accessed through the parking lot, and the employee/staff entrance will be on the northern side of the building, on Charles Street.
7. The property is located in the Industrial II zoning district.
8. The property is currently used for a motor vehicle repair shop, an industrial use allowed by right in this district, per §12.12.030 of the Ordinance.
9. The proposed marijuana retailer use is a business use allowed by special permit in this district, per §12.12.030 of the Ordinance.
10. The proposed marijuana retailer will be the principal use of the property, as required by §12.12.190.E of the Ordinance.
11. The direct abutter to the west is a manufacturing business, New England Coffee & Tea; to the south, a motor vehicle repair shop; to the south, the abandoned railroad right-of-way used as the public multimodal recreational trail, Northern Strand community Trail/Bike to the Sea Path; to the north, on the other side of Charles Street, is an office building under construction and general offices.
12. Surrounding land uses are businesses to the north and west, and residential to the east and to the south, on the other side of the railroad right-of-way.
13. The proposal use is not in conflict with surrounding land uses.
14. The property grossly violates current dimensional controls for lot area, front yard setback, one side yard setback and building coverage, and is considered preexisting nonconforming, per §§12.16.010 and 12.28 010.A of the Ordinance.
15. The proposal eliminates the existing lot area violation, maintains the other existing violations and creates no new violations or nonconformities, per §12.16.010 of the Ordinance.
16. If the entire building is occupied for the proposed marijuana retailer use, fifty-two on-site parking spaces are required, per §12.20.010 of the Ordinance.
17. Petitioner has modified its proposal and intends to occupy only 4,006 square feet of the first floor for marijuana retailer use, as per the plans submitted, and the modified proposal requires sixteen on-site parking spaces, per §12.20.010 of the Ordinance.
18. Under the proposal, eight parking spaces will be provided on-site, in the exterior parking lot on the subject property, configured as head-on spaces, located along the western side of the building.
19. Under the proposal, four parking spaces are proposed inside the building, located in the proposed loading and delivery area, which is not allowed by the Ordinance.
20. Petitioner intends to use the indoor parking spaces for its employees, only during business hours, when deliveries are not occurring.
21. Petitioner proposes offsite parking on the abutting property, 100 Charles Street, as depicted on the site plan: one space, located in part on the abutting property and in part on the subject property; and eleven spaces located entirely on the abutting property, in an area labeled, "Utility Easement;" the subject property owner appears to have rights to use land on 100 Charles Street for "temporary parking along the unused MBTA border area," per a Driveway Agreement, which provides use of this parking may be terminated by 100 Charles Street for no specific reason/cause, and thus renders petitioner's long-term, continued use of this parking unreliable.
22. At the public hearing, petitioner stated it is unable at this time to secure a different agreement for the proposed offsite parking on the abutting property at 100 Charles Street.
23. At the public hearing, petitioner agreed to provide five offsite parking spaces.
24. The required bicycle parking for four is proposed in the loading and delivery area inside the building and would be inaccessible to customers.
25. One loading space/bay is required, per §12.20.030.E of the Ordinance.

26. Under the proposal, there will be one loading bay/space at the southwestern corner of the building, with access via a garage door.
27. Petitioner agrees to use the inside parking only during business hours so as to not impede use of the loading area.
28. As modified by conditions of the special permit, the violations of parking requirements will not be more detrimental to the neighborhood.
29. All vehicular access/egress to the site, parking and loading area is via an existing curb-cut/driveway on Charles Street located on the abutting property, 100 Charles Street, which the subject property owner appears to have the rights to use per the Driveway Agreement.
30. Access to the site from the abutting bike path is not proposed.
31. The proposed marijuana establishment is located in a permanent building, as required by §12.12.190.C of the Ordinance.
32. The proposed marijuana establishment is not located inside a building containing residential units, in accordance with §12.12.190.D of the Ordinance.
33. The proposal complies with all buffer zones required by §12.12.190.F of the Ordinance, as determined by Nelson Miller, Building Commissioner.
34. Petitioner's business will have 40 employees and according to petitioner, 60% will be Malden residents.
35. Petitioner's proposed hours of operation are 9 am to 9 pm.
36. Petitioner intends to have a police detail for the first 30 days after opening for traffic purposes.
37. Petitioner agrees to conduct a traffic study six months after the business opens, and mitigation may be necessary.
38. As modified by the proposed conditions of the special permit, the traffic and traffic patterns generated by the proposal will not adversely impact any of the surrounding streets or create a traffic or safety hazard.
39. The proposal will not generate any noise, odor, fumes, vibration, heat or other conditions that may be noxious or cause a nuisance to the community, danger to public health, or impair public comfort and convenience.
40. Petitioner will enter into a community host agreement with the City of Malden.
41. The City Councillor who represents the ward where the business will operate supports the proposal.
42. Several members of the public are in favor of the proposal.
43. One abutting residence and one abutting business are opposed to the proposal.
44. The Planning Board recommends unanimously (all nine members) that the petition be denied because of the severely gross parking deficiency.
45. The Planning Board also recommends conditions to any special permit that may be granted.
46. All special permits shall be subject to those conditions stated in §12.12.190.H of the Ordinance.
47. As modified by the proposed conditions of the special permit, the proposal will not be more detrimental to the neighborhood.
48. As modified by the proposed conditions of the special permit, the proposal is in the interest of the common good.
49. As modified by the proposed conditions the special permit, the proposal is not detrimental to the health, safety or welfare of the neighborhood or the city.
50. Petitioner agrees to all proposed conditions of the special permit.

Subject: **36 Charles Street** (Parcel ID 062 239 910)
Permit Application # CMID-040598-2021/Petition for Special Permit
Marijuana Establishment: Marijuana Retailer
Title 12.12.190, Code of City of Malden (MCC) (*All section references herein*)

PROCEDURAL: The Planning Board may submit an advisory report and recommendation re: this petition to the special permit granting authority, the City Council (§12.32.030.B.2). The proposal was reviewed by the City's Cannabis Licensing and Enforcement Commission (CLEC) and approved to proceed to this zoning process; if the City Council grants a special permit, the City will negotiate a Community Host Agreement, following which petitioner may apply for a license from the state Cannabis Control Commission (CCC); if the proposal is approved by the CCC, the CLEC will review for issuance of a local license.

SUBJECT PROPERTY: The subject property is parcel with a lot area of 11,255 SF and is the site of a two-story building containing approximately 13,024 SF comprised of 6,399 SF on the 1st floor, 3,318 SF on 2nd floor and 3,307 SF in the basement, as per plans submitted by petitioner.

PETITION: Petitioner is the proposed tenant and authorized by property owner to file this petition. The petition seeks a special permit to use the property for a Marijuana Retailer, doing business as Trinity Naturals.

Note 1: *In recent supplementary material (Item 8 below), petitioner states that 9,018 SF (69%) of the building will “remain as vacant space that currently has no proposed use,” and was labeled, “storage,” on the plans, (located on 1st, 2nd and basement floors); and further, that, “This space may be utilized in the future for marijuana micro-grow space to service the dispensary on-site.” Such use is classified as Marijuana Cultivator, is not part of the current proposal, and no license application or special permit petition has been filed.*

Under the current proposal, the public entrance will be on the western side of the building, accessed through the parking lot, and the employee/staff entrance will be on the northern side of the building, on Charles Street.

The proposal consists of renovating and reconfiguring the interior of the building (see details below) and renovating the exterior of the building, with most proposed exterior work on western/right side of building (new entry doors, two in same locations, one in location of existing garage door at loading dock; roof canopies over doors and ramp; concrete access ramp; two concrete stairs, one in existing location of metal stairs, one in new door location; insulated metal panels to cover concrete block façade; new aluminum windows, to replace smaller windows; new garage door in same location, to replace existing door); and also cleaning brick face, selective repointing mortar, refurbishing window assemblies, on western and northern/front side of the building.

As depicted on the plans, the building interior will be configured as follows:

<i>Use</i>	<i>Floor</i>	<i>SF</i>
Retail space (<i>See Note 2</i>)	1 st	1,794

ZONING & OCCUPANCY: The property is located in the Industrial 2 zoning district. The property is currently used for a motor vehicle repair shop, an industrial use allowed by right in this district (§12.12.030). The proposed marijuana retailer use is a business use allowed by special permit in this district (§12.12.030).

The direct abutter to the west is a manufacturing business (New England Coffee & Tea); to the south, a motor vehicle repair shop; to the south, the abandoned railroad right-of-way used as the public multimodal recreational trail, Northern Strand community Trail/Bike to the Sea Path; to the north, on the other side of Charles Street, is an office building under construction and general offices. Surrounding land uses are business to the north and west; and residential to the east and to the south, on the other side of the railroad right-of-way.

DIMENSIONAL CONTROLS: The original building was constructed before 1970 with an addition constructed by special permit granted in 1986 (Case # 86-49) and the lot area increased when an abandoned paper portion of Middlesex Street was merged to create the current parcel.

Occupied for motor vehicle repair shop use, the building grossly violates current dimensional controls for lot area, front yard setback, one side yard setback and building coverage, and is considered preexisting nonconforming (§§12.16.010 and 12.28.010.A).

Note 4: *The rear yard requirement is waived for this property because located in an Industrial district and abutting a railroad right-of-way (§12.16.050).*

The proposal eliminates the lot area violation, maintains all other existing violations and creates no new violations or nonconformities (§12.16.010).

PARKING & LOADING REQUIREMENTS (§12.20.010 & §12.20.030.E):

Parking Spaces. The property is subject to a variance granted on February 18, 1988 and special permit granted for the addition (Condition 3, Case #89-49) that require at least nine parking spaces be provided on-site. (The 1988 variance amended a variance granted on December 19, 1985, which required the rear of the building remain available for parking, per Condition 4).

The proposal requires 52 parking spaces, and all required parking must be provided on-site (§12.20.010).

<i>Use</i>	<i>SF gfa</i>	<i>Parking Formula</i>	<i>Pkg. Spaces</i>	<i>Loading Calc.</i>	<i>Loading Space/Bay</i>
Marijuana Retailer	13,024	4 spaces/1,000 SF gfa	52	1 per establishment	1

Eight (8) parking spaces are proposed on-site, in the exterior parking lot on the subject property, configured as head-on spaces, located along the western side of the building.

Note 5: *The four (4) parking spaces proposed inside the building will not be allowed because located in the same space as the loading bay/space area, labeled/designated for deliveries. (See Note 3).*

The proposal is grossly deficient of the parking requirement (deficiency: 44 spaces or 85%).

Offsite parking is proposed on the abutting property, 100 Charles Street, as depicted on the site plan:

- one space, located in part on the abutting property and in part on the subject property
- eleven (11) spaces located entirely on the abutting property, in an area labeled, “Utility Easement”
- property owner appears to have rights to use land on 100 Charles Street for “temporary parking along the unused MBTA border area,” per a Driveway Agreement (Item 6 above).
- Use of this parking may be terminated by 100 Charles Street for no specific reason/cause (Driveway Agreement, Section 4), which renders petitioner’s long-term, continued use of this parking unreliable.

Even if unreliable/possible offsite parking could be counted toward compliance with the requirement, the proposal remains grossly deficient of the parking requirement (deficiency: 32 spaces or 62%).

Bicycle parking (§12.20.020.I.14): Bicycle parking for four is required and must be accessible to customers. Bicycle parking is proposed for employees “within the building in the indoor parking/storage area.”

Loading Space. One loading bay/space is proposed at the southwestern corner of the building, with access via a garage door. Its use is impeded by interior parking spaces proposed in this same area (See **Note 3** and **Note 5**).

Access/egress to the parking and loading area. All vehicular site access/egress is via an existing curb-cut/driveway on Charles Street located on the abutting property (100 Charles Street); which property owner appears to have the rights to use per a Driveway Agreement (Item 6 above).

TRAFFIC IMPACT: Petitioner’s traffic impact assessment was peer reviewed by the City and is described in correspondence dated February 9, 2022 from Kenneth Petraglia, P.E., P.T.O.E.

To date, petitioner’s response to peer review comments has not been reviewed.

OTHER CONTROLS and REQUIREMENTS (§12.12.190.B-F).

The proposal must be in conformance with the following controls and requirements:

- 1) The City Council must find that any creation or increase in violations of dimensional controls or parking requirements will not be more detrimental to the neighborhood.
- 2) Located in a permanent building and not within a mobile facility or movable structure.
- 3) Not be located inside a building containing residential units, including transient housing such as hotels, motels, dormitories.
- 4) Must be the principal use of the property and may be accessory only to another type of Marijuana Establishment at the same property and shall be prohibited as an accessory use to any other use.
- 5) The location must comply with the following buffer zones (all distances as measured from the closest property line of the proposed Marijuana Establishment to the closest property line of a property that, as of the date of filing of the petition for a special permit for the Marijuana Establishment, is lawfully used for the following). No Marijuana Establishment shall be located within:
 - a. 75 feet of a Substance Abuse Treatment Center, as defined by this Ordinance;
 - b. 500 feet of a public or private school providing education in kindergarten, or Grades 1- 12;
 - c. 75 feet of any residential use;
 - d. 250 feet of any park playground, recreational field or recreational facility, and including, but not limited to: the Malden Teen Enrichment Center, the YMCA and the YWCA;
 - e. 75 feet of any religious facility; and
 - f. 75 feet of any daycare licensed by the Commonwealth of Massachusetts; Except for a Marijuana Establishment located at property in the Marijuana Establishment Overlay zoning district, which shall not be subject to a buffer zone from any residential use, however, shall comply with all other buffer zones specified herein this Ordinance.

Note 6: Building Commissioner/Zoning Enforcement Officer Nelson Miller has determined the proposed location complies with all applicable buffer zones.

FINDINGS REQUIRED to GRANT SPECIAL PERMIT (§12.12.190.G):

For a special permit to be granted, the City Council must find:

- 1) The proposal will not be more detrimental to the neighborhood.
- 2) The proposal is not in conflict with surrounding land uses.
- 3) The proposal is in the interest of the common good.
- 4) The traffic and traffic patterns generated by the proposal will not adversely impact any of the surrounding streets or create a traffic or safety hazard.
- 5) The proposal will not generate any noise, odor, fumes, vibration, heat or other conditions that may be noxious or cause a nuisance to the community, a danger to public health, or impair public comfort and convenience.
- 6) The proposal is not detrimental to the health, safety or welfare of the neighborhood or the city.

PLANNING BOARD RECOMMENDATION: The Planning Board recommends the petition be **denied** due to the **severely gross parking deficiency (44 spaces or 85%)**, which renders the proposal more detrimental to the neighborhood and not in the interest of the common good.

Note 7: The Planning Board voted unanimously to make this recommendation (9 in favor, none opposed).

Note 8: If the City Council finds the proposal to be in conformance with the required controls and makes the required findings, the following conditions are recommended to any special permit granted:

1. *Peer review petitioner's Response to Traffic Peer Review Comments dated February 25, 2022 and implement any recommended mitigation.*
2. *This special permit authorizes marijuana retailer use of only 4,006 SF of the first floor, as per plans, and specifically: 1,794 SF for retail space, 1,446 SF for delivery area and indoor trash storage, and the remainder for accessory offices and common areas. All other areas of the building, labeled, "Storage,"*

totaling 9,018 SF, shall remain vacant and shall be used for no purpose whatsoever, including storage by the marijuana retailer, and any use or occupancy shall require an amendment to this special permit.

- 3. The loading and delivery area may not be designated or used for parking.*
- 4. Install bicycle parking onsite for four bicycles, accessible to customers and employees.*
- 5. Repair or replace sidewalks, driveways and perform necessary incidental work, adjacent to the property, to the satisfaction of DPW Director.*
- 6. Implement Transportation Demand Measures regarding rideshare and parking attendant.*
- 7. All development shall be as per plans, including landscaping of the northwest portion of the lot, except as modified by these conditions.*

*And the following **REQUIRED CONDITIONS** to any special permit, per Ordinance (§12.12.190.H):*

- 8. The special permit is non-transferable and non-assignable.*
- 9. Design and implement a Security Plan approved by the Malden Police Chief, which shall include, without limitation: all security measures for the site and the transportation of Marijuana and Marijuana Products to and from off-site premises to ensure the safety of employees and the public and to protect the premises property from theft or other criminal activity; a detailed explanation of payment method, if applicable, acceptable at such establishment and the protection and security of such payments and, if applicable, cash on site; and the presence of a security guard on site at all hours of operation.*
- 10. Consumption of Marijuana and/or Marijuana Products is prohibited at or within 500 feet.*
- 11. Smoking or burning of Marijuana and/or Marijuana Products is prohibited on the premises.*
- 12. Marijuana in any form, including plants, and Marijuana Products shall not be visible from outside of the building.*
- 13. Any outside storage of any kind is prohibited.*
- 14. Any outside display of any kind is prohibited.*
- 15. Incorporate odor control technology and provisions, and ensure that emissions do not violate M.G.L. c.111 § 31C, including but not limited to those specified for odors.*
- 16. Prior to issuance of any building permit or occupancy permit, submit copies of the following licenses and approvals: a) A valid license issued by the Massachusetts Cannabis Control Commission, as defined herein this Ordinance; b) A fully executed Community Host Agreement with the City of Malden, as defined herein this Ordinance; c). Any required license and/or approvals issued by the Malden License Board; and d) Any required license and/or approvals issued by the Malden Board of Health.*
