Community Preservation Committee Funding Recommendation

May 20, 2021

To: The Honorable City Council

Applicant Name: City of Malden Historical Commission, C/O Malden City Planner, Michelle Romero

Applicant Address: 215 Pleasant Street Malden MA 02148

Project: Restoration/Preservation of Wall at Wallace Memorial Park

On April 7, 2021 the City of Malden Community Preservation Committee (“CPC”) voted 7-0-0 to recommend approval to City Council that the City of Malden Department of Public Works be awarded \$150,000 of Community Preservation Act funds to restore the wall at Wallace Memorial Park, as described in their Re-Application submitted in April, 2021. The Historical Commission, supported by City Planner Michelle Romero, was invited to use the Re-Application process to complete the application process they had initially started in 2019. The Wallace Park Wall application was discussed at a public hearing held on May 19, 2021.

In reaching their decision, the CPC found that the project meets eligibility requirements and aligns with the priorities stated in Malden’s Community Preservation Plan.

Strong Past...Proud Future

Project Description

The Wall at Wallace Memorial Park project will renovate and preserve a recognized and documented historic resource in our community. The wall, a highly visible artifact, forms part of a site of historical and architectural significance: the landmark Beebe Estate, a cultural resource inventoried in accordance with the standards and methodology of the Massachusetts Historical Commission. The project site is prominently located at the intersection of Highland Avenue and Pleasant Street, a major entryway to the historic West End and Edgeworth neighborhoods, and has longstanding significance to

Malden's Veterans, as the Park is dedicated to a Civil War Commander, and the site of a Spanish-American War memorial monument. The project addresses the community needs for historic preservation and protection of open space and recreational land. The project involves the replacement of missing capstones and redress of prior repairs of the wall.
