Dear City Council,

I am writing to express my objections to the proposal on tonight's City Council agenda to move the building located at 15 Ferry Street to the adjacent parking lot. Malden has limited parking in the downtown area and taking any parking away may adversely impact local business. I do not support spending any taxpayer money to buy or move this building. The time to save the building, that I believe was at one time a gift to the city, should have been before the city sold the building.

Sincerely,

James Sumner
