## Safe Routes To School Crossing Guard Resources

Crossing Guards are a constant presence throughout the school year. They are a friendly face to greet families in the morning and send them off in the afternoon. They are out there rain or shine, heat or bitter cold. Safe Routes to School's Crossing Guard Training materials help keep everyone safe during arrival and dismissal, and our Crossing Guard Appreciation Campaign highlights the importance of them in our communities.

## Crossing Guard Training

The Safe Routes to School Crossing Guard Training Materials help reinforce the roles and responsibilities of Crossing Guards. They are currently available in English and Spanish languages.

- ✓ Training Materials in multiple languages
- ✓ Crossing Guard Appreciation Month
