- Sign Control Ordinance
- Demo Delay / Historic Properties

# Sign Control Ordinance

## Issue

- Nearly all signs require approval of the Sign Design Review Committee, even though current ordinance sets clear dimensional allowances

## Recommendation

- Allow administrative approval for signs that meet the Ordinance regulations
  - Approval by Building Commissioner
  - Option retained to require Sign Design Review Committee approval

# Allowances and Dimensional Controls Clearly Specified

## Sec. 4.16.080.B. Wall Signs:

1. No portion of a non-illuminated wall sign shall project more than eight (8) inches from the wall to which it is affixed.
2. No portion of an illuminated wall sign shall project more than 10 inches from the wall to which it is affixed.
3. Except as provided, wall signs shall not exceed, in the aggregate, more than 25% of the surface area of the wall or walls to which they are affixed, excluding window and door areas.
4. No portion of a wall sign shall be mounted less than eight (8) ft. above the finished grade, except if the sign projects less than three (3) inches from the building wall on which it is affixed. Unless stated otherwise, the maximum sign height shall be equal to the roof line or the bottom of the second story window, whichever is lower.

# Demo Delay / Historic Properties

## Issue

- All properties, regardless of age subject to Historic Properties review
- Administrative process is not clearly defined
- Overly prescriptive requirements for applicants

## Recommendation

- Institute a building age requirements
- Clarify administrative procedures/allowances
- Set objective measures for decision making

# Demo Delay / Historic Properties

## Set Building Date

- Institute a cut off rolling age or static year for buildings to be considered (i.e. 50 years or 1945)
  - Several peer communities (Chelsea, Somerville, Everett, Medford) use approx. 75 years or older.
- Set criteria for buildings built after agreed age/date to be included:
  - Listed on or eligible for the National Register
  - Surveyed, or within surveyed area, per the MHC
  - Listed on, or identified for future surveying, the List of Significant Buildings

# Demo Delay / Historic Properties

---

## **Clarify administrative procedures/allowances**

- 4.24.070 WRITTEN DETERMINATION OF SIGNIFICANCE
- The Commission shall, within fourteen (14) calendar days after receipt of the Application, make a written determination of whether the Building is a Significant Building. The Commission may delegate its authority to make a determination of Significance to one or more members of the Commission or to a municipal employee.
- If the Commission does not make a written determination and notify the Building Commissioner within fourteen (14) calendar days of receipt of the Application, the Building Commissioner may proceed to issue the Demolition Permit or Building Permit for Alteration.

# Demo Delay / Historic Properties

---

## **Set objective measures for decision making**

- Updated requirements for Preferably Preserved Buildings during imposed demo delay:
  - Commission requests written updates or meetings, not required monthly
  - Remove requirement to locate a new purchaser
  - Clearly demonstrate efforts to preserve the buildings through
    - Rehabilitation
    - Restoration
    - Replication or reuse

# Allow for What We Want

---

- Use Allowances for Non-Residential Uses in Business and Industrial Districts
- Updated Medical Center Use
- Updated Parking Requirements for Non-Residential Uses in Industrial Districts

# By-right commercial uses in appropriate zones

## Issue

- Many commercial or industrial uses require a special permit or not allowed in Business/Industrial Zones

## Recommendation

- Allow uses by-right or site plan review in appropriate zones
- Include dimensional controls (i.e. size limits) for certain by-right allowances

# Parking Requirements for Non-Residential Uses in Industrial Districts

## Rational for Parking Reform

- Improve design outcomes
- Required parking leads to more traffic/driving
- Reduce cost of development
- Reduced parking requirement does not mean no parking provided

No Parking Required

1 Space per 500 Square Feet

1 Space per 250 square feet

1 Space per 100 square feet
